

### **REMARKS/ARGUMENTS**

The Examiner stated the application is in condition for allowance except for formal matters. The Examiner required the Applicants to provide a brief description for each of Figures: 5A, 5B, 21A, 21B, 21C, 24A, 24B, 25A, 25B, 25C, 27A, 27B, 28A-1, 28A-2, 28B, 29A-1, 29A-2 and 29B. The Examiner also required the Applicants to provide clarification of:

- which Figure 2 is being referenced in paragraph [0019];
- which Figure 2 is being referenced in paragraph [0020];
- which Figures 20 and 21 are being referenced in paragraph [0023];
- which Figure 24 is being referenced in paragraph [0027];
- which Figure 25 is being referenced in paragraph [0028];
- which Figure 27 is being referenced in paragraph [0030];
- which Figure 27 is being referenced in paragraph [0032]; and
- which Figure 27 is being referenced in paragraph [0031].

In addition, the Examiner requested the Applicants remove the double recitation "of one of the pair" found in claim 23. The Examiner also requested the Applicants amend the specification to reference each of the separate Figures illustrated in the drawing sheets.

#### **Remarks regarding the Specification**

The Applicants submit that the current amendments to the specification address the formal matters raised by the Examiner. Generally, support for the amendments to the brief descriptions of each figure can be found with reference to the respective figure and corresponding portion of the detailed description. In particular:

support for the reference to a sleeve and a mounting block in paragraph [0019] can be found in paragraph [0040];

support for the reference to an alternative head base, an alternative alignment tool, and an alternative head in paragraph [0023] can be found in paragraph [0051];

support for the reference to exploded and assembled views in paragraph [0026] can be found in paragraph [0057]; and

support for the reference to exploded and assembled views in paragraph [0030] can be found in paragraph [0057].

Furthermore, the Applicants submit that the specification now gives reference to each of the figures illustrated in the drawing sheets as requested by the Examiner.

**Remarks regarding the Claims**

Claims 1–19, 33 and 34 were previously withdrawn and are now canceled. Claims 20, 22, 27, 29 and 30 were previously canceled. Claims 21, 23–26, 28, 31, 32, 35 and 36 are pending. Of the pending claims, claim 23 is currently amended. Claim 23 has been amended to remove the double recitation "of one of the pair" as requested by the Examiner. The Applicants submit that no new matter is added by the amendment.

The Applicants submit that the amendments address the formal matters raised by the Examiner. Accordingly, the Applicants submit this application is now in condition for allowance.

Respectfully submitted,

JACKSON et al.
